

Postdoctoral Positions in Nanoscience and Quantum Physics Tokyo Institute of Technology

The Department of Physics, Tokyo Institute of Technology, invites applications to a few postdoctoral positions in experimental and theoretical nanoscience and quantum physics available from 1 November 2008. The positions are to implement the research and education program of the Department under the auspices of the G-COE (Global Center of Excellence) program sponsored by the Ministry of Education, Culture, Sports, Science and Technology, Japan.

Each applicant is expected to work with one of the faculty members participating in the G-COE program, and (s)he should contact a faculty member of interested research field for more details before submitting an application. The positions are available until 31 March 2011 with a possible extension after evaluation, up to 31 March 2013. The salary will be comparable to the monthly maintenance allowance of the JSPS (Japan Society for the Promotion of Science) Postdoctoral Fellowship (but no additional allowance), see

<http://www.jsps.go.jp/english/e-fellow/postdoctoral.html>

The deadline of application is 30 September 2008. Applicants should have a Ph D or an equivalent qualification and send application materials including CV, list of publications, descriptions of research experience and research plan, two letters of recommendation (sent directly to our office), and the name of faculty member planning to work with, to the following address by email or postal mail:

coe-sec@phys.titech.ac.jp

Office of Physics G-COE, Tokyo Institute of Technology, 2-12-1-H78 Oh-okayama,
Meguro-ku, Tokyo 152-8551, Japan.
